ABOUT ME

MY PROFILE

ABOUT ME

I Mr. Sobha Devin, am currently studying for my Diploma in IT (Cyber Security) at the Polytechnic Mauritius (Redit). I aspire to embrace a career in the IT industry. I firmly believe in discipline, integrity, technical competence, responsibility, respect, hard work, perseverance, learn from past mistakes, self – motivation, accept any change and upcoming challenges as well as life long learning. I'm sure I can use my expertise to achieve a great career in this field.

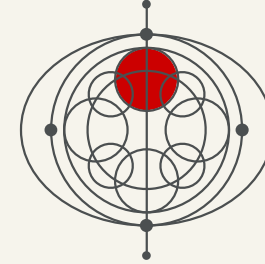

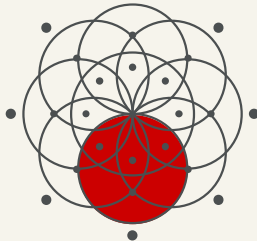

WHAT I DO

Academic

I am currently doing my diploma in the cyber-security field. I learned so many things that helped me in my personal life. Inspired by the IT department, I want to do my top-up degree afterward to increase my knowledge..

Hobbies & Interest

Sports

Team sports such as football, basketball, Volleyball and swimming.

Travelling

Travelling in other cultures and have the ability to adapt to different environments.

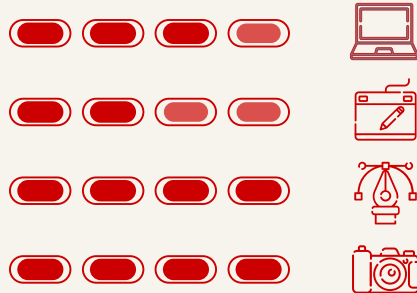

Strategic games

Activities like chess and puzzle-solving which demonstrate critical-thinking skills.

WHY CHOOSING THIS FIELD ?

POLYTECHNICS MAURITIUS

I have chosen the IT field as it is expanding at the speed of light and it's not a saturated field compared to others. I aspire to embrace a career in the IT industry.

Example:

- *Better career opportunities such as IT security analyst, engineer, consultant and more.*
- *Highly paid jobs*

WHY CHOOSE POLYTECHNICS ?

Polytechnics is renowned about it's courses, it offers a range of facilities for many students and it an affordable courses. At polytechnics we have a better future & job assured.

It also provide an internship which help many students to understand more about their field and get experience which will help them later.

Polytechnics is associated with the University Malaysia.

STRENGTH & WEAKNESS

MY STRENGTH

- **Creative** - *I consider my creativeness as one of my strength because am excellent at Web development with HTML & CSS and Java-Script.*
- **Hard-working** - I'm a dedicated person and I can work efficiently even when things are not going in my way.
- **Quick learner** - *I got fascinated with learning programming and coding.*
- **Flexible** - I can adopt any kind of work environment.
- **interpersonal and communication skills** - *My interpersonal and communication skills is one of my strengths because I am good at talking with people, working in different teams and collaborating on varied projects.*

MY WEAKNESS

- Sometimes giving attention to details in work, it takes longer time to finish it.
- Get annoyed easily when someone disturbs me without a valid reason.
- My weakness is I can't say No whenever someone asked me to help.
- I trust everyone easily and over friendly nature.
- Perfectionist.

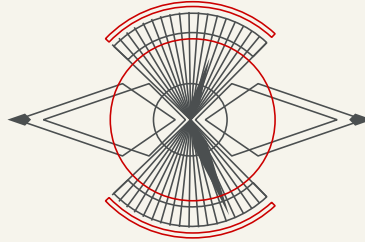

Aims & Goals

Aims

- In 5 years, I want to see myself as a well qualified web developer.
- I want to improve my skill for a future job and maybe to gain more knowledge in the IT field.
- To work effectively in the IT field to make a positive contribution to society

Goals

- **Become an expert in the field of web development** - Becoming an expert in my field can provide many opportunities for employment and additional opportunities as a web developer.
- **Become a mentor** - Becoming a mentor can allow me to work closely with a novice in the industry and help them excel in their position.
- **Earn a higher salary** - Earning more money can help me become more financially secure and confident in my position.

“It does not matter how slowly you go as long as you do not stop”.

— Confucius

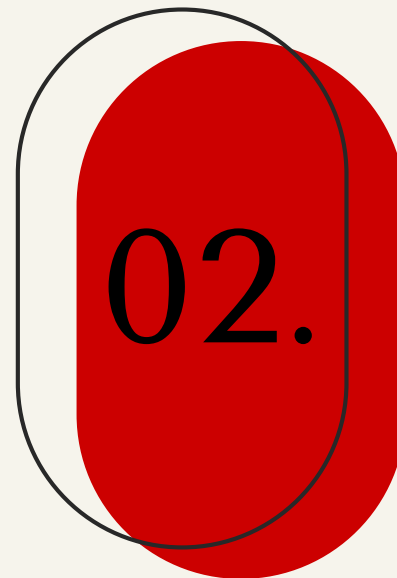

MY WORK

ATM MACHINE PROGRAMME

&

WEBSITE OF A HOTEL

ATM MACHINE PROGRAMME

My first project was to build a Java Program, to represent ATM Transaction, where a User has to choose input from the options displayed on the Screen.

The available options on the Screen include operations such as Withdraw, deposit, balance.

WEBSITE OF A HOTEL

My second project was to build a website of a hotel by using HTML & CSS and Java-Script.

By including all it's option and menu page
Such as:

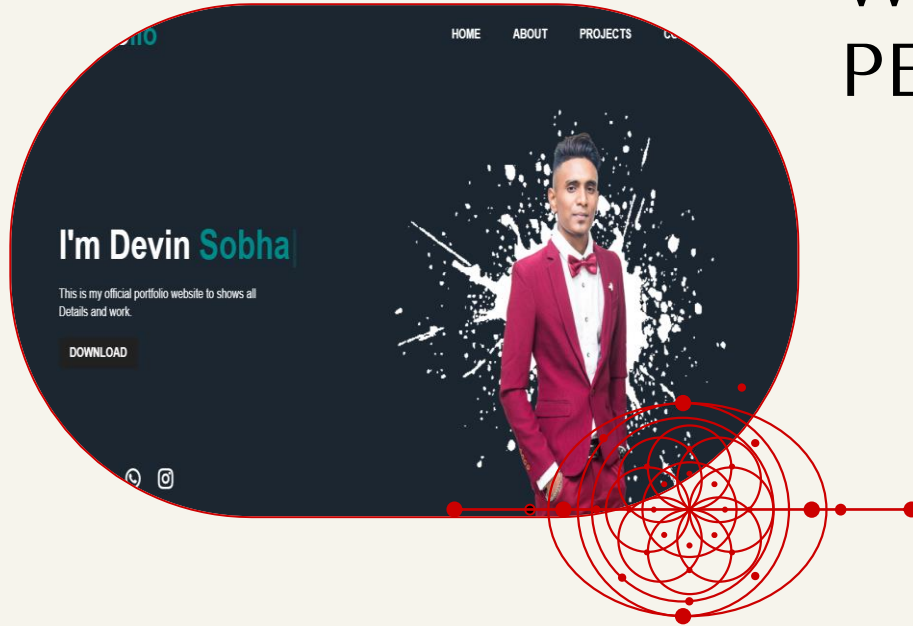

- Contact Us
- Booking
- Career
- Restaurant & Bar
- Spa
- Experiences

WEBSITE OF MY PERSONAL PORTFOLIO

My third project was to build a website of My Personal Portfolio HTML & CSS and Java-Script.

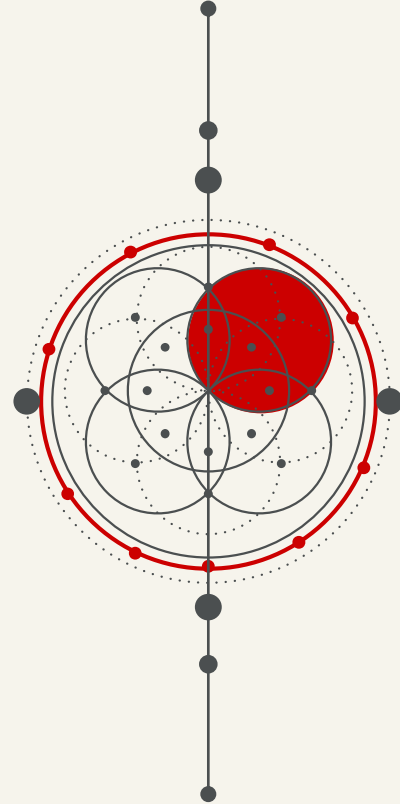

This is my official portfolio website to shows all my details and work.

AWESOME WORDS

*“Only those who dare to fail greatly
can ever achieve greatly.”*

03.
